Frank Chance, 'Peerless Leader' Of Baseball, Passes Away

LOS ANGELES, CALIF., September 16.—(By Associated Press.)—Frank Chance, California banker, 50, whose brilliant baseball career won him the sobriquet of "Peerless Leader" of the National game, is dead. He faded quietly into unconsciousness and death at a hospital here last night after a long uphill battle against falling health.

Chance, who led the Chicago Cubs to four National League pennants and two World Series victories, and managed at various times the Boston-Americans, the New York-Americans, and the Los Angeles club of the Pacific Coast League, was manager of the Chicago White Sox.

He went east last winter to take over the reins of the Chicago club but became ill with influenza and returned to the coast for a rest. He returned to Chicago in time for the initial game between Chicago and New York. Illness overtook him again, however, and in a few weeks he was back in Southern California, fighting his game fight against overwhelming odds.

At times he seemed to be recovering and when he celebrated his 47th birthday here a week ago, he appeared to be gaining strength.

Later yesterday, however, he became worse and his physician ordered him taken to a hospital, but he had been there only a short time when he died. Chance is survived by his widow, Mrs. Edith Chance, his mother, Mrs. Harvey Chance, of Fresno, a sister and three brothers.

Funeral arrangements were expected to be completed today.

One Play Brought Him Part Ownership Of Club

CHICAGO, September 16.—(By the Associated Press.)—Frank Chance, the "Peerless Leader" who died last night in Los Angeles, Cal., gained part ownership of the team he so frequently led to victory, through a single play, he once related. The one play netted him \$140,000 since his stock in the club soared to that value.

It was in 1906, Chance told it, and the Chicago Nationals were in second place fighting for the pennant and with only a few more games to play. In a hot game at Cincinnati, Chance hit safely and stole second with one out. Joe Tinker, shortstop, and then a heavy hitter, was at bat. Every one expected Tinker to swing heavily. But Chance signaled for a bunt. Tinker laid down a perfect bunt and Chance stroked for third. The "Peerless Leader" did not stop, but headed for home, sliding in safely.

Next day Charles P. Taft, the new owner of the Cubs, sent for his manager.

"Frank," Chance quoted him as saying, "that was the greatest play I ever saw or ever expect to see. I am going to show you that I appreciate your work and efforts. I am going to let you buy a fourth interest in the club for \$100,000."

Chance sold out for \$140,000 after he left the club in 1912.

Manchurian War Lord Starts Drive On Peking; Terrific Battle In North China

Villages and Towns Deserted By Inhabitants; Refugees Panic Stricken

FOREIGN RESIDENTS HELD IN MANCHURIA

TIENTSIN, September 16.—(By the Associated Press.)—Travelers from Urum, seat of the Mongolian government, arriving here today, declared that as a result of political upheavals there a dozen foreign residents—American, British and Danish, are not permitted to leave the city.

The travelers declared that Premier Danzou, of Mongolia, had been shot by order of the Mongolian Soviet, members of which are alleged to be plotting with the Central Chinese government at Peking for the return of Mongolia to China.

TROOPS CLASH NEAR MANCHURIAN BORDER

PEKING, September 16.—(By the Associated Press.)—Reports were received here late today that Chilian and Manchurian troops had clashed at Chaoyang, in northern Chihli, about 20 miles in an air line from the border of Manchuria. No official confirmation of the report has been forthcoming.

According to the reports, Chang Tso-lin, military dictator of Manchuria, was moving his soldiers from Tsoow, about 15 miles from the border on the Manchuria side, to Chaoyang, apparently with the idea of proceeding on to Chengtehfu (Jehol) when the clash occurred.

It has been a matter of common report that Chang's intention has been to reach Jehol and direct from there his campaign against the Chinese capital, rather than follow the coast route into Peking.

AUTO DASHES INTO CROWD; SIX MEN ARE KILLED

ST. JOHNS, N. F., September 16.—(By Associated Press.)—Six men were killed and two of them British naval officers and two others World War heroes, when an automobile crashed into a crowd on the Top Sail road early today, and Leonard Reid, son of the late Sir William Reid, was arrested on a charge of manslaughter, as the driver of the car.

The victims were: Lieut. Commander J. D. O'Callaghan, of H. M. S. Constance, promoted only yesterday; Lieut. Burroughs, also of the Constance; Captain G. J. Whitty, secretary of the Great War Veterans' Association who won the military cross, a member of the Newfoundland regiment; Lieut. William King, a veteran of the regiment and of the Royal Air Force; George Harrington, of Chatham, N. B., an accountant at the bank of Montreal; Clifford Duder, of St. John's, son of district grand master Charles Duder, of the Scottish Free Masons of Newfoundland.

Whitty and King were members of a party of 14 veterans of the Newfoundland regiment who had held a reunion at a country inn and were heading a bus beside the road. The British officers and others were in the car driven by Reid, which was returning from a late supper with friends among the crews of the British special cruiser squadron which is anchored in Conception Bay.

BOWLING GREEN, O., September 16.—(By Associated Press.)—D. S. Hill, aged 70, of Milton Center, today threw acid into the face of Mayor Walter Longbrake, of last village when the Mayor and Marshall S. Chiller attempted to arrest him. He then cut his throat with a pen knife and is not expected to live. JIMMY MURPHY, CHAMP AUTO RACER, KILLED IN NEW YORK

SYRACUSE, N. Y., September 16.—(By the Associated Press.)—The race of racing motors and the hum of busy speedways had died today for Jimmy Murphy. The body of the champion driver, who met death in a 150 mile contest on the New York State Fair grounds track yesterday, was being borne back across the country to the home in Vernon, California, which he had known from early boyhood.

With Murphy on his last drive were the drivers against whom he had pitted his skill in his last race—and to whom he had lost. Before the race these drivers, and Murphy, had arranged to take the train on which they finally did leave.

When the time for departure came at 12:25 o'clock this morning, it was a sad little group which gathered in the railroad station here, and with bowed heads watched the contest of their friend and comrade placed aboard the baggage car of the Lake Shore Limited, while they entered a car farther back.

Arrival in Los Angeles is scheduled for early Friday afternoon, when Murphy's body will be taken to the home of his uncle, Judge Martin O'Donnell, in Vernon, a suburb of Los Angeles. It was this place which Jimmy Murphy had known as home since the death of his parents, in the San Francisco earthquake, 35 years ago.

Fred Wagner, the starter who had waved Murphy off to his first race several years ago, and who started him in the last race yesterday, was in charge of the party, which included Billy Brett, Murphy's mechanic; Bennett Hill, Harry Hartz, Earl Cooper, Ernest Amsterberg, Peter De Paolo, Fred Comer and Bob McDougall, drivers in yesterday's fatal contest, and several mechanics.

The exact cause of the accident which resulted in Murphy's death, probably will never be known. It was established, however, that he had been hugging the inside fence of the dirt grand circuit track which is used for automobile racing here.

As pointed out by his companion, however, the driver's seat was in position from an absolutely straight position while so close to the fence would result in clipping it with the axle and such an accident while traveling at the rate of speed Murphy was going—50 miles an hour—would result in exactly what happened. Eye witnesses estimated that his car skidded around three times, the last time bringing up sideways and carrying several sections of the wooden fencing with it.

One of the wooden splinters crashed through the hood of the car, while another pierced Murphy's chest and knocked him unconscious.

He was breathing when taken to St. Joseph's Hospital here, but died within a few minutes after being transferred to the operating table.

BERNARD GRANT

HE GOT DEATH!

CHICAGO, September 16.—(By the Associated Press.)—Bernard Grant, sentenced to hang October 27 for murder, today was asked to sign a petition to Governor Small pleading for clemency.

The move was started after John Covelly spared the lives of Nathan Leopold, Jr., and Richard Loeb, and sentenced them to life imprisonment. The petition which Grant's lawyer will mail to the governor, probably tomorrow, will not be simply a sentimental appeal based on the action in the Leopold-Loeb case, but the attorney said he would cite the facts in the case, that Walter Krauser, under a death sentence with Grant, for the murder of Police-man Ralph Souders, had repudiated his first statement implicating Grant, and now states that Grant had nothing to do with the holding of a store in which Souders was killed.

Grant claims he was 19 when the crime was committed, the same age as Leopold and Loeb. Krauser who asserts he was only 15, Grant's appeal to the supreme court was reduced, and his only hope for escape from the gallows is in the governor's hand. Krauser has an appeal pending before the supreme judge.

Grant is the son of a widow. He was reared in the district near the Stockyards. It is not charged that he fired the fatal shot—that was charged against Krauser—but he was alleged to have participated.

Publication of Klan Membership In Buffalo Stirs Up Strife; Row May Becloud Political Issues

BUFFALO, September 15.—Something far more exciting than any political campaign has been going on here. Politicians may learn much from it, but communities having members in the Ku Klux Klan may learn still more.

For the greatest mischief, including a couple of murders, has resulted from the mysterious publication of a list of members of the Ku Klux Klan. Details, most of which are not being accepted as sincere, are coming from every side. Business men who do not on Catholics, Jews or Negroes for their trade are being boycotted—some with dealer is said to have lost a hundred customers overnight—and the end of the bitterness is not yet in sight.

The episode has been developing for several weeks. First Klan head (Continued on Page Seven)

Eskimo Flappers, Movies Amaze Eskimos--Girls Like Cigarettes, White Indians Seen

SYDNEY, N. S., September 16.—(By the Associated Press.)—Captain Donald Baxter MacMillan, explorer, who has brought his vessel, the Bowdoin, to anchor in this port, today related to the Eskimo Greenland and Ellesmere land today told of Eskimo flappers and white Indians, the amusements of Eskimos at motion pictures and other things in the Arctic.

On the way to port in a storm the schooner shipped considerable water through her hatches, and the dogs, boxes and other animals tethered on the deck had to swim for it at times.

"The Eskimo flappers haven't bobbed their hair yet, but they like to smoke cigarettes," MacMillan said. "They used to have trouble finding enough girls to go around, but this year, for some reason, there is a small surplus and a number of unmarried young women—a very unusual condition among the Polar Eskimos."

"One of the biggest surprises of the trip was when I bought a bag of potatoes at Disko, the farthest north settlement in Greenland. I thought they had grown them somehow, but in reality they were imported from Denmark."

MacMillan said that the Bowdoin's radio worked remarkably well. It was the first trip of eight, he said, in which he was able to send and receive messages to and from his family and friends. The ship's station sent about 32,000 words and received more than 100,000 words of press news alone. About 20,000 feet of motion pictures were taken along and shown to the Eskimos, including several reels taken on the voyage of 1917. The natives stood spellbound on the ship as they saw friends and relatives, some of them long since dead, brought back to life and motion by the white man's magic machine.

COOLIDGE ORDERS WILBUR TO STOP NAVAL "JUNTA"

(BY WM. J. LOSH)

(United Press Staff Correspondent.)

WASHINGTON, September 16.—Secretary of the Navy, Wilbur, has been summoned to Washington by President Coolidge to put a stop to the activities of a naval "junta" which is seeking to make it appear that the budget bureau is trying to "junk" the navy.

Angry by the food or "sustained" propaganda aimed at the bureau at a time when the 1935 naval estimates are being prepared for congress, Mr. Coolidge has called Mr. Wilbur to take charge of his department and put a stop to it.

This version of the summons which caused Wilbur to jump into an airplane at San Diego yesterday and start post-haste to Washington, was given to the United Press today by an unquestioned authority.

"The president is a strong friend of a strong navy, but he is equally an ardent supporter of the budget system. He considers department propaganda at the budget bureau a vicious attack at the fundamentals of budgetary far outside the province of legitimate departmental activities."

Navy department estimates submitted to the budget bureau several weeks ago, asked for appropriations of about \$350,000,000, he noted to within \$500,000,000. In effect making a cut of about \$50,000,000.

Upon this action there began to appear in the press articles under the signature of naval officers of high rank and obviously inspired articles unsigned, which attacked the budget bureau for its alleged parsimony and predicted dire disaster for the American navy if more money were not allowed.

Mr. Coolidge watched this for some time and now, with General Lord commencing discussion with naval leaders, to reach an agreement on the final figures, he has decided it is time to act.

Citizens Leap To Defense Of Earl Koehler

MAGNOLIA, O., September 16.—(By the United Press.)—Citizens of Magnolia today leaped to the defense of Earl Koehler, who is held in Canton for the slaying of Charles Roof in the Koehler home here last week.

"We proclaim to the public that we believe he (Koehler) was justified in taking the life of Charles Roof, under the circumstances," says a petition which is to be presented tonight to a mass meeting of Magnolians.

"We believe that a husband may protect the sanctity and purity of his home and fire to the extent of taking life."

After the slaying Koehler called Canton authorities and gave himself up, explaining that he had trapped Roof with Mrs. Koehler and that he had shot him and then beat his head in with a claw hammer.

"I did it and I am glad of it," police quote Koehler as saying.

C. & O. OFFICIAL KILLED BY A DISCHARGED EMPLOYEE

ST. ALBANS, W. VA., September 16.—(By the United Press.)—H. R. McLaughlin, assistant superintendent of this division of the C. & O. Railroad, was shot and killed on the station platform here today by O. V. Newman, a discharged brakeman.

Newman, pursued by officers, then shot himself and died later.

"You did me a dirty trick," Newman shouted as they met in front of the C. & O. station. Train Newman drew a revolver and fired four shots into McLaughlin's body, killing him almost instantly.

Odell V. Newman, former freight brakeman, discharged last week by McLaughlin, fled from the scene with citizens and railroad employees in hot pursuit.

The chase led through the down town streets. Newman, surrounded by a hastily formed posse, some of the members of which had armed themselves with shot guns, turned his revolver on himself, firing a bullet through his head.

Newman was taken to his home here where he succumbed to wounds.

Witnesses said Newman approached McLaughlin on the station platform where the latter was awaiting the arrival of a train.

"You did me a dirty trick," Newman is said to have shouted, pulling a revolver from his pocket and firing at the railroad official, point blank.

The first bullet struck McLaughlin in the shoulder and he backed toward the station doorway crying "don't, don't" and holding out his hands as though to protect himself. As the next three shots fired in quick succession, McLaughlin sank to the platform. Newman turned and ran as a crowd gathered.

Morse Code Restores Wire Supt. To Consciousness

VANCOUVER, B. C., September 16.—The ticking of his private Morse code clock at an instrument by his bedside last night restored to consciousness J. T. Phelan, superintendent of the Dominion Telegraph Company here after he had been in a coma for nearly a week. Superintendent Phelan was ill for weeks following the death of his wife and had been unconscious six days, physicians disclosed today. On the suggestion of a physician an instrument was installed by Phelan's bedside and "P.N.", his favorite call, ticked off. Mr. Phelan smiled and opened his eyes when the ticker announced "every day in every way." Then the ticker suggested that Phelan drink a little milk. Phelan reached out his hand for the glass and took the first nourishment in six days.

Wheeler Scores Andrew Mellon As Guard of Wealth and Business

(BY PAUL R. MALLON)
(United Press Staff Correspondent)
PITTSBURGH, Pa., September 16.—(By the United Press.)—Striking westward, Senator Burton K. Wheeler, came today to the home city of Andrew Mellon and immediately launched a vigorous attack upon his record as secretary of the treasury.

Mellon was scored by the Independent vice presidential candidate as "the guard of wealth and business who has come to dominate our government."

"This man who undertook to dictate our taxes has been reared in the atmosphere of Wall Street," Wheeler told his followers who met him at the train. "It is only natural that his mind is prejudiced against the rights of the people where they come in conflict with the desires of J. P. Morgan."

The Mellon plan for reduction of income taxes was singled out by Wheeler, who called it "the plan of the rich to tax the poor."

"It was the Progressives in the United States senate that blocked Mellon's scheme," the senator said. "He was backed by President Coolidge in demanding that taxes be taken from the rich men on a larger scale than the wage earner. But 'forward thinking' groups on both the Republican and Democratic of the senate chamber combined against this rule of wealth and forced through the present tax law which was the best obtainable under the circumstances."

Wheeler will speak here tonight and leave immediately afterward for Cleveland.

"Garroters" Rob "Cabaret Butterfly"; Get Fortune

NEW YORK, September 16.—(By the United Press.)—Bandits who prey on bejeweled cabaret "butterflies" early today held up Edith Bobe, modiste and her unnamed escort, escaping with \$50,000 in jewels.

Police recalled the unsolved murders of Louise Lawson and Dot King found strangled in their apartments, and believed the same garroters might be responsible for today's robbery.

The bandits gained entrance to Miss Bobe's home by a ruse, saying they had a package to deliver. They overpowered a maid, carried her upstairs and were rifling jewelry boxes when Miss Bobe and her escort arrived. They held up the pair with revolvers and when Miss Bobe's escort attempted to resist, he was struck on the head and \$200 taken from his pockets. The four bandits fled.

Rents Stationary To Lower in Principal Cities

(By United Press.)
Rents will be stationary to lower during 1924-25, statements from real estate firms and tenants organizations throughout the United States indicated today.

With 1923-24 leases expiring October 1 in many large cities, the United Press asked for statements on rent prices in renewal leases. Responses generally showed a slight decline.

In New York most big real estate men looked for little change over present rental prices. Scores of new apartment houses have been opened but there are few empty buildings and no surplus housing facilities.

Columbus, Ohio, was one of the few cities where increases were looked for. Rents there probably will be about five percent higher.

Kansas City reported a surplus in housing facilities and looked for substantial reductions.

St. Louis and Boston reported rents "a little lower"; Lincoln, Nebraska, unchanged, and other cities generally slightly lower or unchanged.

Deny Stealing Stoves; Hearing Continued

Alfred Swords, 30, George McClain, 38, and G. D. Patterson, 38, trio arrested for entering the storehouse of Robert Cullum, stove and furnace company on Front street, and stealing two unfinished stoves, pleaded not guilty when arraigned in Municipal court Monday and after hearing their stories, Judge Sprague released the accused on their own recognizance until next Monday when additional evidence will be heard.

The trio admitted removing the stoves from the storehouse, but Mc-

Milk of Magnesia Users Try This!

Science combines Milk of Magnesia with Mineral Oil to fight constipation and acidosis.

Modern civilization with its heavy overeating and its lack of exercise has brought two great foes of human health: constipation and acidosis (sour stomach). Your indigestion, heartburn, that disagreeable taste in the morning—are all symptoms of this condition.

Milk of magnesia is fine for neutralizing harmful stomach acids but milk of magnesia alone only goes half way. Therefore science has combined pure mineral oil with this splendid agent.

Haley's Magnesia-Oil is the name of this perfect emulsion upon which the U. S. Government has granted a patent. The milk of magnesia counteracts and neutralizes the acids and the mineral oil lubricates the bowels, overcoming constipation naturally without forming a habit. Haley's M-O can be taken safely by young or old. It is non-habit-forming and contains no drugs or other harmful agents.

Step at your druggist's today and get a bottle of Haley's Magnesia-Oil. Take some tonight before going to bed and get up tomorrow morning feeling like a new person. All druggists—first class—family size \$1.00. The Haley M-O Company, Indianapolis, Ind.

Fined on Possession Charges

In Municipal court yesterday Jess Cooper, 33, was adjudged guilty of possession of liquor unlawfully and Judge Sprague fined him \$300 and costs, and Sarah Stinson, 35, Boyer Flatts, North End, was assessed a similar sum on a like charge because it was her second offense.

Cooper was taken into custody after the police found about three gallons of "moon" in several different containers in a search of his shanty boat at the foot of Union street.

Arthur Crossman, 44, colored, and C. S. Young, 23, white, admitted guilt of possession of liquor, but Judge Sprague passed their cases for sentence pending further investigation.

Says He Fired to Scare Wife; Fines Suspended

John Kurtz was fined \$100 and costs for intoxication and disorderly conduct and \$50 and costs for discharging firearms by Judge Sprague in Municipal Court, Monday, but the fines were later suspended for the sake of his children on condition that he refrain from use of liquor in the future.

Kurtz, a boarder in the home of

his divorced wife at Sclatoville, went on the warpath Saturday night and fired four shots from a revolver at his former spouse, one of which barely missed her head, Mrs. Kurtz told the court. Kurtz said he fired the shots merely to frighten her because she had angered him over money matters.

Discussing New Road

ASHLAND, Ky., September 16.—Residents of Catlettsburg are very much interested in the question of devising some means of building a second paved roadway connecting this city with Ashland. The present road which is a continuation of Winchester avenue, is entirely too narrow to take care of the traffic and the congestion is such at certain hours of the day that it is very discouraging to motorists.

Perhaps one of the most interesting announcements for the folk of First Christian Bible school, that has been made recently was that C. L. King, of Wellston, would be present on next Sunday morning and would teach the lesson to the adult department.

Mr. King visited First Christian some time ago and made such a splendid impression that there has been a clamor for him to return. However, an account of matters at home he has been unable to accept the urgent invitations until now, and no doubt his coming will be a signal for all classes to get busy and roll up a big attendance.

Stomach Remedy A Fast Seller

Dare's Mentha Pepsin

Six Thousand Bottles Sold In One New Jersey Town Last Year. Wurster Bros. Declare Money Back If One Bottle Doesn't Make Any Stomach Sufferer Rejoice

At last the way has been found to combine Pepsin with other corrective stomach agents so that it will do the most good in the shortest possible time. Why bother with slow action when one doseful of this splendid and pleasant liquid remedy will cause gas, bloating, heaviness, acidity, heartburn or any upset condition of the stomach to speedily vanish.

And why should any man or woman suffer another hour with indigestion or any stomach misery when the remedy that acts almost instantly can be easily procured?

But there is more to say about this remarkable remedy—something that will interest thousands of despondent people.

Dare's Mentha Pepsin not only quickly relieves stomach distress, but it also conquers stubborn indigestion, dyspepsia and gastritis, and puts an end to dizziness, nervousness, headache, sleeplessness and despondency which distressing troubles are nearly always caused by chronic stomach disturbance.

Dare's Mentha Pepsin is pleasant to take, has a delightfully refreshing taste and after it has put your stomach in a clean and healthy condition, just notice how much better you look and feel, for besides correcting stomach disorders this supremely good remedy that Wurster Bros. and druggists everywhere guarantee, is a fine tonic that builds you up and makes you work with vim, eat with relish and sleep soundly.—Advertisement.

Fire Prevention Campaign Opens Oct. 1

October 1 to 11 is the time set aside this year for the annual Fire Prevention campaign carried on under the National Safety Council. Relative to the public observing the Fire Prevention campaign here, manager Adnan Fricke of the Chamber of Commerce has given out the following open letter:

Times:
Editor Sun-Times,
Portsmouth, Ohio.
Dear Editor:

The loss of 15,000 lives and \$500,000,000 in property by fire in America during 1924 brings to us a picture of horror which should stir everyone to action and institute such safeguards as will mitigate this loss both in persons and property to a very large degree.

Fire Prevention Week, October 1 to 11 is the date best suited, fixed by the National Safety Council for bringing this appalling situation to mind.

No one needs make an apology for taking an active interest in reducing America's fire waste and because of that necessity to conserve both life and property, we are calling on the luncheon clubs and the clergy to have speakers present the subject in their members, the hotels to carry it on their menus, the teachers to impress the student, the Boy Scouts to stencil the sidewalks, the street cars to carry special bulletins, the Girl Scouts to hold special exercises, and theatres to exhibit films urging property owners and tenants to inspect "remises which they occupy."

Building codes larger brings with it more of congestion out of which there will be a greater per cent of loss unless more precautionary measures are applied.

The Chamber of Commerce realizes the importance of conserving both life and property and we urge without ceasing the adoption of measures necessary to that end.

Citizens who do not do their duty bring a hazard to others as well as themselves. Let's agree to do the little things and prevent fire which is certain to quicken into the most exciting and biggest thing of the day or night.

The best investment we know is time and money spent to protect life and property. Think it over.

Respectfully,
Adam Fricke,
Mgr. Chamber of Commerce.

Opens Auto Paint Shop

A new automobile paint shop using a new system in its work, has been opened at Third and Court street, in the Bower building, by Harold Richl. The Duco finish is put on the car with an air pressure of ninety-five pounds and insures a smooth even finish. Outside of being smooth the finish is said to be indestructible. It is weather proof, rain, snow or sun cannot effect it and it actually improves with age. One can drive for weeks through mud and slush and then wipe the dirt off the car with a rag and it will have the same glossy finish that was on the car when bought.

Many of the best makes of cars are finished with Duco at the factory, which goes to show that the finish is the best that can be procured.

AN OPEN LETTER TO WOMEN

Tells of Mrs. Vogel's Terrible Suffering and how she was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"My troubles were severe pains in my back and terrible bearing-down pains in my right side. Also headaches and sleepless nights. I first began having troubles when I was 16, and they have increased ever since. I grew older. A little booklet was left at my door, and I read what Lydia E. Pinkham's Vegetable Compound has done for women and decided to try it. After the first week I could go to sleep every night and I stopped having that nervous feeling and got a better appetite. The doctor had always said that an operation was the only thing that would help me, but I never had any faith in an operation. Since the Vegetable Compound has started helping me I do not suffer the severe pains, feel stronger, and am able to do my own work. I am more than glad to tell my friends that it helps where other medicines have failed."

Mrs. Gus Vogel, 6805 Felouze St., Detroit, Michigan.

Fans Would Like To See Johnson and Dazzy Vance Match Skill in Big Series

(BY GEORGE CHADWICK)
Special Correspondent of the Portsmouth Daily Times

(Copyright, 1924, By the Consolidated Press Association)

NEW YORK, September 16.—The psychic waves being broadcast by baseball fans everywhere in an effort to wish the veteran "Walter Johnson into his first world series in 18 years of stellar pitching, now are being supplemented by waves intended to wish the dazzling Vance, of Brooklyn, into the same fringes.

The cry, "Walter Johnson for the world series," was started by fans, but was quickly taken up by baseball players who couldn't figure their own teams into the big show. The course of the great urge seems to be the same with respect to Vance.

"Vance and Johnson for the opening game," is a baseball topic that is being discussed by baseball players everywhere. They agree that a duel between Johnson and Vance would be the greatest pitching show since world series started. They figure that the struggle would surpass any of the famous ones in which Christy Mathewson participated.

Mathewson and Bender were once heralded as a great pair to rival each other in a world series. All the baseball world expected to see Mathewson face Waddell in 1905, but Waddell was incapacitated just before the series, and from that day to this there never has been a discussion of this incident in Philadelphia without the Athletic fans insisting that some kind of shenanigan, for which Waddell was solely responsible, kept him from defending the baseball fame of the city.

One of the greatest exhibitions of individual pitching in a world series was given by Rube Marquard in 1915, when he stopped the Boston tide and turned the current toward New York, so that the Giants might have won the championship but for the muff of Snodgrass, the failure of Meyers, Merkle and Mathewson to catch a foul ball, and the lack of strategy on the part of Matty, who pitched the ball into the Boston bats instead of away from it.

There have been many tight games pitched in the world series. The first pattern was set in 1905 between the Giants and Athletics, when there was a 1-0, a 2-0, and two 3-0 games in five. The fifth was 9-0. There have been 1-0 games since then. There was one the very next year between the two Chicago teams. There was one in 1914 between the Boston Nationals and the Philadelphia Americans. There was one in 1918 between the Boston Americans and the Chicago Nationals. There was another in 1920 between Cleveland and Brooklyn. Still another followed in 1921 between the two New York teams, and they repeated in 1923, with the famous 1-0 contest, which Casey Stengel won with his home run in the seventh inning, when Jones pitched for the Yanks and Nehf for the Giants.

Ball players will tell you that if Vance and Johnson pitch in the world series in 1924 there will be another 1-0 game and maybe extra innings. If Johnson and Vance by any sufling agreement of the baseball gods do come together in the world series it would mean a great deal for the Middlewesters. Johnson was born in Kansas, Vance in Iowa. Johnson gained his start away out in Washington state. Vance got his in Nebraska.

Here's how the potential rivals stack up:
Johnson has: Speed, command, admirable pitching motion, courage, experience, cultivated slow ball and sharp curve.

Vance has: Speed, command, not quite so good, back shoulder motion, which gives power, courage, not so much major experience, no slow ball that he bothers with much, and zipping curve.

J. B. Alexander of Washington C. H., as the successor to Dr. Hawk and only a few changes in pastorates in M. E. churches in Scioto county, were of chief interest here in the closing session of the annual Ohio M. E. Conference at Ironton, Monday, when assignments of ministers were made.

Two new pastors came to New Boston and Lucasville, while O. L. Hall, South Webster, and Rev. L. C. Watts, New Boston, remain in the county but go to new charges. All the other pastors were re-assigned for another year.

SOCIETY
A wedding marked by simple elegance took place at the home of Mr. and Mrs. C. E. Koch in Wheelersburg Monday when their lovely young daughter Miss Grace Koch became the bride of Mr. William W. Schindler of Columbus.

The ceremony was performed at high noon by Rev. J. B. Hawk, formerly superintendent of the M. E. District in the presence of the famed elite families of the principals. Preceding the impressive service Miss Marjorie Fleck played appropriate selections on the piano and at the appointed hour Lohengrin's wedding march announced the arrival of the bride and groom. The bride looked girlish and pretty in her wedding gown of white tulle and lace, embroidered in crystal beads. Her veil of tulle was fashioned with a coronet of pearls and orange blossoms and she carried an arm bouquet of white rose buds.

Miss Emma Koch, who served her sister as maid of honor was charming in a frock of blue and silver, with an arm bouquet of pink roses. Mr. Howard Davis of Washington, C. H., a college class of the groom served as best man. Immediately after the ceremony a bride and groom were escorted to the bride's home where refreshments were served to the immediate families. Out-of-town guests present included Mrs. W. M. Schindler of Ft. Jennings, O., mother of the groom and Mrs. C. J. Krause of Lawler, O., a sister of the groom.

Mr. and Mrs. Schindler left Monday afternoon on a honeymoon trip through the northern part of the state after which they will take up their residence in Columbus, where Mr. Schindler has been located for some time as city salesman for the Fleischman Company. He attended Denison College for two years and Ohio State University for one year.

The bride graduated from Ohio State University last June and during the past summer she has been doing extension work at the various county fairs.

ROOSEVELT ON THE COWCATCHER OF HIS "JUNGLE SPECIAL"

He was bending with delighted anticipation of his forthcoming hunt, and his laughter was frequently heard above the hum of conversation as some amusing story of a hunting experience or adventure was related to him.

ROOSEVELT ON THE COWCATCHER OF HIS "JUNGLE SPECIAL"

When the engine whistle gave the signal for "all aboard," Colonel Roosevelt, the governor, Selous and his staff, took their seats on the platform until they stood facing the engine of the train. Their object in doing so was quickly apparent.

It removes that dingy film from your teeth. It clears cloudy teeth. Start beautifying your teeth today—why wait?

MODERN science now tells us how to clean and brighten dingy teeth. A new way widely urged by leading dentists of the world. Different in formula, action and effect, it does what no other method has yet attained—removes and combats, without harsh grit, the dangerous film that covers teeth and which old type dentifrices do not fight successfully.

Run your tongue across your teeth. You will feel that film. Under it are the prettier, whiter teeth you envy in others. If you combat that film your teeth will quickly glisten in a way that will delight you. Ask your

druggist for a tube of Pepsodent. Results will amaze you.

The great enemy of teeth is the film. And a chief cause, according to world's dental authorities, of pyorrhea and most tooth troubles. It clings to teeth, gets into crevices and stays. Gums by the millions breed in it. It holds food in contact with teeth, inviting the acid that causes decay.

You can't have prettier, whiter teeth; you can't have healthier teeth unless you combat that film.

Publication

(Continued from Page One)

quarters were broken into by unknown persons. It was rumored that a list had been stolen. Not long afterwards from a neighboring city there came by mail the Buffalo membership of the Klan. Mayor Schwab invited any one who owned the cards to recover their property. No one appeared. Then a list of the members was made available to the newspapers by the mayor. The newspapers feared libel as they couldn't be sure the list was genuine and even if most of it was they could not risk a lawsuit with the few individuals who might be erroneously listed. Then someone interested in getting the names spread throughout the city had them published in a pamphlet form. Attorneys for the Newsboys' Association advised against their being handed out on the news stands. But hundreds of copies nevertheless were sold and all over the city people may be found studying those lists for familiar names. First fights, several houses painted up, and a withdrawal of patronage from business folk mentioned were some of the sequels.

List a Terrible Legacy

In the midst of it all, two men killed each other and a third was badly wounded. One of the dead was discovered to be an organizer for the Ku Klux Klan, sent here to investigate the loss of the cards. The wounded man admits being a local Klansman. The second man killed was a former policeman, who is now supposed to have joined the Klan as a spy for the mayor. It was he who was charged with having stolen the list. He is dead now, so he can tell no tales, but the list has proved a terrible legacy. To determine whether the denials are valid, people want to see the original membership cards. These are kept under lock and key by Police Chief Zimmermann, who now says he can not be compelled by the mayor or anyone else to give up the cards. The signatures of members are on the cards. The District Attorney insists he will prosecute any member of the Klan under the Walker act, which was passed by the legislature forbidding any organization to maintain a secret membership. Penalties for

falling to register its lists of members are provided.

Capitalize Anti-Klan Sentiment

Some of the principals engaged in the controversy, as for instance, the mayor, are laying lines for re-election or advancement in politics. Capitalizing the anti-Klan feeling fits in with their program. Nevertheless the city is deeply stirred over the publication of the list. Some interesting facts have been disclosed by a study of it. First of all the number of prominent or influential persons on it is surprisingly few. Usually it is claimed that the "best people" in a city are in the Klan. In Buffalo well-known names were the rare exception rather than the rule.

But the Klan will have a hard time recruiting any new members. The possible consequences of disclosure have been demonstrated, and a death blow has also been dealt by the Buffalo Evening News, the leading newspaper here, which said editorially the other day:

"It is surprising to receive letters from ordained ministers, presumably with some trainings in logic and in argument, who draw a parallel between the Knights of Columbus or the Masons and the Klan. When every Klansman is as proud to wear his emblem as the Shriner is to display his, one of the chief objections to the Klan will have disappeared. And so will its principal bid for membership. 'Can you imagine anybody being murdered because he revealed the list of the members of the K. of C., the Knights Templars, or the B'nai B'rith? Many orders have secret rituals. Only the Klan has a secret membership.'

As yet the Klan controversy has not gotten into the discussion here of the national campaign, but Western New York is seething with Klan debate and later on it may unfortunately becloud other issues.

The South Central Association, composed of business men, passed a resolution which said:

"The state of Illinois now has said that a young man in his teens should not be hanged, and a rich boy of 19 years of age is no younger than a poor boy of the same age. It is the sense of this organization that inasmuch as the sons of two Chicago millionaires were given life imprisonment for a crime more atrocious than the one for which Grant was found guilty, it is a matter of justice and fair dealing for Grant's sentence to be commuted."

Resolutions and petitions of a similar nature are being signed by the 20,000 members of "Dagan's Colts", a semi-political organization and other like organizations. The pardon petition, prepared by Swanson for submission to the governor has been held up for more signatures. A meeting of club women and others was called for today at Swanson's office. Mrs. Mary Grant,

mother of the boy, will be present. Jay J. McCarthy, another attorney, has been retained by local American Legion officials to help in the fight.

Greb Wins Easily

STUBENVILLE, O., Sept. 15.—Harry Greb, Pittsburgh, world's middleweight champion, won a technical knockout over Billy Hirsch, of Canton at Mingo Junction last night. Greb stopped the bout in the eighth round to save Hirsch from further punishment.

In spite of his spectacular performance his total was only one stroke better than that of five other players, one of whom, Mike Brady of New York, equalled the course record in the afternoon. Tying Brady for second place at 141 were Walter Hagon, British open champion, whose record of 33 for the second nine. In the morning for a 70, Bobby Cuckshank who scored one of three sixty nines. Francis Gallet who had rounds of 71 and 70, and Harry Hampton, of Canton, Ohio, who was the only man west of New York City to get into the first six places.

SIMILARITY IN MURDER MYSTERIES

NEW BRUNSWICK, N. J., September 16.—(By the Associated Press.)—Detectives investigating the killing of 15-year-old Elizabeth Johnson, of Kingston, whose body was discovered under a bush by the shore of Carnegie Lake at Princeton Sunday, have found many similarities between the new mystery and that surrounding the death of the Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor R. Wills, whose bodies were found side by side in a field on the Phillips farm, two years ago today.

The absence of tangible clues and the uncertainty as to whether the girl had been killed where she lay or elsewhere, served to recall the earlier crime. Her body was laid carefully on a newspaper, recalling the manner in which the bodies of Mr. Hall and Mrs. Wills were arranged, a circumstance which caused investigators to suspect that some one with a knowledge of that undertaking had been present at the killing.

The girl was slain with a small calibre revolver pressed close to her temple, according to detectives. Joseph Johnson, the girl's father, has told detectives of a man whom he suspects, committed the crime to avenge himself of a fancied wrong.

The father said he had thought his daughter ran away to seek work, as she

SANCTIONS PROBLEM

AGITATES DELEGATES

GENEVA, Sept. 16.—(By the A. P.)—With Foreign Minister Benes of Czechoslovakia presiding as a kind of impartial judge and conciliator, British and French representatives at the assembly of the League of Nations wrestled all of today with the problem of sanctions, which forms the gravest danger in the way of a general Geneva conference of delegates from all countries.

They said the vital issues under discussion seemed on the way toward a satisfactory solution.

Whether this general agreement will take the form of a resolution or a treaty has not yet been decided, but this question has been relegated to second place because of the proposal, put forward with all the force of France behind it, that every loophole in the covenant of the League of Nations, which makes it possible for any country to engage in war, must be effectively and hermetically sealed.

The French proposal in article 12 of the covenant whereby the nations agree not to resort to war until three months after an award by arbitrators or a report by the council of the League, be stricken from the covenant. This is in accordance with the French determination that any and all changes of war shall be submitted to public settlement to the World Court, by specially appointed arbitrators or by the council of the League.

TOWN IN UPROAR

OVER GAS FUMES

CALDWELL, OHIO, Sept. 16.—The town of Belle Valley, near here, was in an uproar tonight because of the burning of a mountain of refuse at the Imperial mine of the Porsythe Coal company which emits a cloud of sulphuric gas, which the residents claim has ruined the paint and decoration of practically every house in the town.

The gas has caused houses of pure white to turn to a dark dirty brown, townspeople say, and the stench from the fire makes sleep almost impossible.

The town's mayor has ordered the company to quench the fire immediately, but water only serves to create more gas residents say. Health officials announced that the only way to stop the gas output was to remove the rubbish pile, but its size makes the task almost impossible.

New residences and those under construction are declared to be in the worst condition. The gas causes paint to curl up and fall from the walls, according to home owners.

The irate residents are demanding relief, but thus far have found no way to stop the fumes.

The rubbish pile became ignited Saturday, but residents did not know whether it had been fired to rid the mine property of the debris or of incendiary origin.

MUSIC TEACHER OKAYS KA-DI-OK

Couldn't Keep House Without This Famous Remedy That Relieved Him of Stomach Misery

MR. JOHN M. WRIGHT

"It helped my stomach and put the rest of my system in good shape," said Mr. J. M. Wright, well-known music teacher, who lives at 1447 Hunter Avenue, Columbus, Ohio, in speaking of his experience with Ka-di-Ok Laboratories recently.

"I couldn't keep house without Ka-di-Ok now."

"I formerly suffered from a bad case of stomach trouble," he continued, "I was generally run down throughout my system, and it caused me many amounts of suffering. I found, upon taking Ka-di-Ok, that it gave me prompt relief from my stomach ailment and built me up generally."

Ka-di-Ok is a good medicine, and I can recommend it to others suffering in a similar way."

"The amazing results that have followed the use of Ka-di-Ok have spread its fame throughout the country as a health-builder and aid in the elimination of stomach, kidney and liver ailments and nervous exhaustion. Ka-di-Ok has helped hundreds of cases that have failed to respond to any other treatment. Any one who does not properly enjoy foods is unable to sleep soundly, tires after slight exertion, is losing—or has lost—weight, whose strength or vitality has been impaired, or who is suffering from a generally run-down condition, should try a bottle of this famous remedy at once. Ka-di-Ok may be obtained at all drug stores in Portsmouth."

G. O. P. AGAINST HARPER'S OIL DRILLING PLAN

COLUMBUS, Sept. 16.—The Republican state organization will oppose the plan of John E. Harper, state director of welfare to drill for oil in the state's hospital lands at Athens, if he proposes to have the state do the actual drilling.

Walter Rogers, executive secretary of the Republican state central committee, said tonight.

Director Harper proposed the plan in a letter to Dr. J. H. Berry, superintendent of the Athens State Hospital today.

"With oil and gas being found at an approximate depth of 1,500 feet, the state could save thousands of dollars by drilling and using the product for fuel," Harper said.

"If the welfare department proposes to have the state of Ohio go into the oil drilling business," said Rogers, "Republicans will certainly oppose the plan. But if the state sees fit to lease the land on a royalty basis in order to protect its interests from oil wells being drilled by private companies, then we see no objection to the plan."

DEFER THROCKMORTON TRIAL

COLUMBUS, O., Sept. 16.—Trial of Presiding Judge Dean Throckmorton of Municipal court on charges of bribery, was continued today by Common Pleas Judge Scarlett because of the illness of Mrs. Dennis B. Ulrey, wife of one of Throckmorton's attorneys. A date for the trial will be set later. Throckmorton was scheduled to come before the court Monday, next.

TAXPAYERS MAKE U. S. CASH REGISTER RING

WASHINGTON, Sept. 16.—The Federal government today was busy ringing the cash register as tax payers met the third quarterly payment of the income tax.

Approximately \$350,000,000 was expected to be added to the national pocket book before midnight. This amount will wipe out the deficit which has been growing in recent weeks as expenditures outran receipts.

Republicans Not to Change Plans; Democrats Plan to Invade Ohio

No Change in G. O. P. Plans
CHICAGO, Sept. 16.—Party managers see no reason to alter Republican campaign plans in the west and northwest and have not considered a William M. Butler, chairman of the speaking tour for President Coolidge, Republican national committee said today.

He denied that a campaign tour for the President was under consideration in connection with a recent statement of Clegg Shaver, Democratic national chairman, in which it was asserted Republican party managers throughout the west were "demanding help."

"Reports from all sections of the west and northwest indicate a most satisfactory progress of the Republican campaign," Mr. Butler said.

Recent reports from campaign managers in South Dakota have been especially reassuring in national headquarters, Mr. Butler said commenting upon his latest advice from the Northwest.

Demands to Invade Ohio
CHICAGO, Sept. 16.—Plans for the Democratic invasion of Indiana, Ohio, Pennsylvania, and a return engagement in New York State for John W. Davis, the Democratic presidential nominee, were to the fore today in western headquarters here as final preparations were made for Mr. Davis' first campaign address in Chicago, scheduled for next Thursday evening.

Lincoln Dixon, western manager of the Democratic forces, has come to regard the region between the Mississippi

river and the Allegheny range as the "pivotal battle ground of the campaign," he asserted and accordingly is giving careful attention to an outline of tentative plans for the continuation of the Davis tour next week.

Michigan, another state placed on Mr. Davis' visiting list by the western managers, probably will be on the itinerary on Sunday and Monday, Sept. 21 and 22.

La Follette Busy on Speech
WASHINGTON, Sept. 16.—Preparations of the campaign speech he will deliver in New York City Thursday night, kept Senator La Follette, independent candidate for president engaged today, to the exclusion of other business.

He was at his office in the capitol throughout the day, but received no callers.

Conferences with advisers will be kept at a minimum, it was said, until the Senator has completed the text of his first address to an audience during the campaign.

Gov. Smith Booked
WASHINGTON, Sept. 16.—The Democratic national committee today booked E. Smith of New York, in campaigning in behalf of John W. Davis, the Democratic presidential nominee.

REPARATIONS PLAN ALREADY AIDED EUROPE
COOLIDGE INFORMED

WASHINGTON, Sept. 16.—A steady stream of callers poured in on President Coolidge today bearing messages on politics, government affairs and European conditions.

Secretary Davis brought a report from Ethelbert Stewart, commissioner of labor statistics showing an increase in employment in August.

Senators McKinley, Illinois, and Welles, Maryland, told the President the Dawes reparations plan already has had a beneficial effect in Europe as well as in this country. They returned recently from Europe.

Pending receipts of further reports on the trend of the campaign, Mr. Coolidge withheld his plans for next month. He accepted definitely however, the invitation to speak in Philadelphia on the night of September 25, at the ceremonies marking the 150th anniversary of the meeting of the first continental congress.

WORTH WEIGHT IN GOLD, HE SAYS

Had Stomach Trouble, Poor Appetite and Stagnant Liver, but Declares Relief Came Quickly When He Tried "DRECO."

There are few people in this section who have not at some time been troubled with stomach disorders of one kind or another. This most common of all complaints attacks the rich and poor alike. It makes no difference to what station of life you belong, you are just as likely to get some form of stomach trouble as your poorest neighbor. Read the experience of Mr. L. L. Bowling, Route No. 2, Durham N. C., an employee of the Coca-Cola Bottling Works.

"I suffered from a sluggish liver, which brought on dizzy spells and spots floating before my eyes. My tongue was coated and my bowels were badly constipated. I couldn't sleep but an hour at night because my nerves were all to pieces.

"The first bottle of Dreco benefited me so I took another. My entire body was strengthened and I feel better than in years. I never get dizzy, I eat whatever I want and it agrees with me, my bowels are regular and I sleep soundly every night. I strongly recommend Dreco for I'm sure it will please anyone needing a reliable medicine."

All good druggists sell Dreco and it is being specially introduced in this section by Stewart's Cut-Rate Drug Store.

Western Conference Gridders at Work

CHICAGO, September 16.—The first call for football practice answered in all the Western conference universities, coaches have begun preliminary skirmishes designed to weed out the scores of candidates and veterans who have reported.

Squads ranged from a hundred at Indiana to 44 at Chicago, where the veteran mentor, A. A. Stagg, began his thirty-second year yesterday. Replacing vacancies in last year's eleven was the first concern of most of the coaches.

Sixty candidates have reported to Coach Bob Zupke at Illinois, where the game with Nebraska in three weeks is causing preparations to be speeded up. Coach Yost, of Michigan, put sixty-two prospects through preliminary drills, while closed sessions began Coach Bert Torgerson's career as director of the Iowa Hawkeyes.

Five teams were recruited from Purdue's practice squads, while 12 letter men were the nucleus of first maneuvers of Ohio State's grid warriors. A veteran squad, including 12 letter men, greeted Coach Bill Spaulding at Minnesota. PFH men donned the Wisconsin uniform and Coach Jack Ryan began the construction of a line.

POLICE NEWS

James Wright, who was arrested at his home in North Moreland for drunkenness and disorderly conduct, was given the maximum penalty of \$100 and costs and 30 days in jail by Judge Sprague in Municipal court Monday but the sentence was suspended later when he appealed for another chance and an opportunity to move out of the state.

Wright made a "clean" promise to refrain from drink when presenting his appeal for another chance and the court reciprocated by giving him a "clean" sentence.

Joseph Friend, 32, charged with slandering in a complaint filed by Mrs. Joe Chapman, pleaded not guilty when arraigned in municipal court Monday and the hearing was continued until Friday to give both sides opportunity to bring witnesses into court.

When J. A. Rose, foreman for the William E. Doe Products Company, Oak Hill, appeared in Municipal court yesterday he changed his plea from not guilty to guilty of kindling a fire in the woods back of South Webster last May without first obtaining a permit as required by law, and Judge Sprague imposed a fine of \$10 and costs against him.

The complaint was filed by R. E. Leete, fire warden, who told the court that an investigation had disclosed that the fire let out by Rose caused much damage to timber and other property.

Roland Metalk, 26, was fined \$100 and costs and sentenced to jail for sixty days on a statutory charge by Judge Sprague in Municipal court yesterday while his companion, Mrs. Lorraine Allison, 20, was taxed the costs in order to permit her to go back to her home in Louisiana, Ky., with her husband, who came here in search of her. He caused the arrest of the couple after locating them at a house in the North End. All are ordered.

Wisconsin Governor To Denounce Klan
MADISON, Wis., Sept. 16.—Governor John J. Blaine today added a plank denouncing the Ku Klux Klan by name to the platform he will present to the state republican convention tomorrow, it was reported in reliable sources.

Just before the battle, indications today were that the republican supporters of President Coolidge would wage the bitterest attack on Senator La Follette in the convention tomorrow that they have made during the national campaign.

WAVERLY MERCHANTS ARE FLEECE

WAVERLY, Ohio, September 16.—A man giving his name as Harry W. Miller visited Waverly Saturday afternoon and within a short time had defrauded Waverly merchants out of \$75 by means of worthless checks, officials here say. The following firms fell for the old con game and, as a result, are out from \$10 to \$21 each: Clodhopper Grocery, Sampson's Grocery, Resler's store and the Kroger Grocery company.

In each instance the man visited the store, ordered a bill of goods, and paid with a check made out to Harry W. Miller and signed by J. A. Robinson. In case the merchant showed any hesitancy about cashing the check, Miller would remark that the signature was that of Jim Robinson. This would remove any doubt as to the genuineness of the check from the mind of the merchant and he would cash the check, passing along

the change to the stranger, who would go on out, remarking that he would call for the goods later on. The checks were for amounts around \$24 and he would buy a bill of goods ranging from \$4 to \$8. When the goods remained uncashed for several hours, a general feeling of uneasiness began to pervade the makeup of each holder of a J. A. Robinson check.

Leo F. Hildy, manager of Kroger's store, made an inquiry about the check soon after he had accepted it. He was told that the J. A. Robinson was that of Jim Robinson and that it was all right. The Jim Robinson referred to is James W. Robinson, Waverly business man and former county commissioner. His check is plenty good wherever he is known, but it seems that the local merchants overlooked the fact that his initials are J. W. instead of J. A. At one of the stores the alleged check-passer remarked that he would call for the goods after the picture show. At the Clodhopper Grocery James W. Robinson had just left the store a few minutes before Miller came in to make his purchases.

Two other firms were also on his list for patronage, but for some reason he did not go through with the

game as at the other four places. At Greenbann's Miller was waited on by Tom McLenn. He purchased a hunting coat, leggings and a few other articles and left with the remark that he was going out to see Jim Robinson, who was his uncle. He did not offer a check for the goods nor did he return. Miller also made a call at Will Daugherty's store.

Several people noticed the strange while he was in town. He drove up in a four-passenger coupe. The car looked like an Oldsmobile and was painted green. He was parked at some time on Market street.

BRINGING UP FATHER

Yanks and Giants Maintain Fast Pace; Senators Slip

NEW YORK, September 15.—The Yankees and Giants, defendants in baseball's season war, enjoy the smiles of the watching gods today in their efforts to retain the game's fairest prize, the world's series, captured and carried here three seasons back. Forced from their position by Washington, the raging Athletics of the combat, the Yanks took the field after being informed by the oracle that the team which lost the fewest games would win the battle. Huggins, carefully following the advice, yesterday went into a tie with Washington for first place by winning from Chicago, 2 to 0. The Senators, vulnerable only in Detroit, it seems, lost their second successive game to the Tigers, who made a clear gain of one contest and are now only four games behind the two leaders. The score was also 2 to 0. At the National League gate, the Giants face a double problem—the Robins, who strike from within and the Pirateship, which approaches in the harbor without. Both Robins and

Giants rested yesterday to gird for the Corsairs, who are making evident preparations to slaughter both in the two series, which begins Friday at Ebbets' Field and ends at the Polo Grounds on the following Wednesday. The invading Breckmers, completed their sack of Boston yesterday by winning the third straight game, 4 to 3, in 12 innings, and will attempt to advance upon this baseball metropolis through Philadelphia. Pittsburgh gaining a half game on both, now trails the Robins by one and one half games, and the Giants by two and one half. They have 16 games to play. New York has 13 and Brooklyn 11.

ROMANCE TORN BY CIVIL WAR PREJUDICE

REVIVED AFTER YEARS DALLAS, Tex., Sept. 16.—Torn apart by bitter family prejudices the aftermath of Civil war passions, a romance of more than 50 years ago was renewed with the second marriage here Sunday of W. J. Jones, of Farmington, Tenn., and Mrs. L. F. McCascon, of Ferris, Texas. Fifty-three years ago in Tenn., the couple were married. Jones was an ardent sympathizer of the north in the Civil war while the parents of his bride were southerners. Harsh feelings developed a breach between the son-in-law and the bride's parents who shortly afterward emigrated to Texas, taking the bride of a few weeks with them. Jones was unable to locate his bride and subsequently each believed the other dead. A son, G. L. Jones, of Dallas was born several months later. Both remarried but lost their second mates in the last decade.

During the illness of Mrs. McCascon, last winter, Edith Jones, granddaughter, believing her grandfather alive, sent a letter to his old home in Tennessee. The letter was unclaimed and sent to the "dead letter" office at Washington, where it was opened by an operative who knew Jones' whereabouts and forwarded it to Farmington. The long separated couple exchanged letters, resulting in the second marriage.

VON LUDENDORFF GIVES NEW "WAR GUILT" VERSION

BERLIN, Sept. 16.—General Von Ludendorff, leader of the fascist party in Germany, today presented a new version of Germany's "war guilt" in a speech at Muenster, where thousands of Nationalists were gathered. "The German people as a whole were not guilty of starting the war," said Von Ludendorff, "but there are men here who share in the guilt. They are those leaders who in 1912 failed to provide recruits called for by the army. Had these been forthcoming, the war at least would have been of short duration."

HINDUS-MOSLEMS FIGHT; MANY KILLED, SCORES HURT CALCUTTA, Sept. 16.—Many persons have been killed and scores wounded in rioting between Hindus and Moslems in Kohat in the Punjab, according to advices here today. Hostile tribesmen swept down on Kohat, a city of 30,000, drove the population into the streets and set fire to houses and public buildings. The town virtually was destroyed. Fighting also is reported in Lucknow with heavy casualties.

POLICEMAN IS HELD IN SHOOTING AFFAIR

CHICAGO, Sept. 16.—William Engle, who told the police that he saw John Duffy shoot and kill his supposed wife, Leah Esley last February was

held for questioning today in connection with a reopening of the investigation following the arrest of Patrolman Leo O'Neill. The policeman, arrested after a still was found in his garage fired several shots on the night before Duffy was killed, according to Coroner Wolff who believes Duffy was slain by O'Neill when Duffy attempted with companions to steal a load of beer from the O'Neill garage. Duffy's death led to the finding of the body of the Esley woman.

deuts asking that he be retained as pastor of the church for another year. The petitions will be sent to Bishop Theodore S. Henderson, of the St. E. church in the Cincinnati area which includes the Ohio and Kentucky conferences. Rev. Gregory said he would leave tomorrow for Ashland, Ky., to attend the annual conference of the Methodist church.

ONE DEAD, THREE HURT

MT. VERNON, Sept. 16.—One woman was killed and three other persons injured when an automobile skidded 220 feet off a road one mile north of here early today. The dead woman is Mrs. Gus Coates, 24, of Washington, Pa. The injured are Leva Kinney, and Ellsworth Kinney, both of Washington, Pa., brother and sister of Mrs. Coates, and Jesse Gardner, driver of the automobile who said he was a pugilist and gave his home as Cleveland.

CAVERLY DECISION HINDERS CAPITAL PUNISHMENT, SAY PROSECUTING ATTORNEYS

(By United Press)
Agitation for commutation of the death sentence of Bernard Grant, 10-year-old Chicago youth, following refusal of a judge to sentence to death Nathan Leopold and Richard Loeb, will have a profound influence in capital punishment in the opinion of district attorneys throughout the country.

In statements to the United Press today prosecutors were almost unanimous in the belief that the Leopold-Loeb case and the Grant agitation will make it very difficult for a time at least, to obtain the death sentence in states where it is legal.

To Have Effect On Juries
COLUMBUS, O., September 16.—(By the United Press)—"Public opinion resulting from the Leopold-Loeb sentence will have its effect on juries hearing murder cases in the future and they will undoubtedly deal much more generously with minors," Joseph Godown, assistant county prosecutor here, said today commenting on

the Bernard Grant case in Chicago.

"Legally, the Leopold-Loeb case cannot be mentioned in court," said Godown, "but it will have a nation-wide effect just the same."

ST. LOUIS, MO., September 16.—(By the United Press)—The life imprisonment sentence given Nathan Leopold and Richard Loeb for the murder of Bobby Franks, "will most certainly hinder me in enforcing the law," Circuit Attorney Howard Sidener said today.

"If I am called upon to ask the death penalty for kids of the same age, I feel certain that the sentence imposed by Justice Caverly will have a direct influence upon the judge and jury."

Will Effect Juries
CLEVELAND, O., September 16.—"I am inclined to think the sentence in the Leopold-Loeb case will effect juries for some time to come," Henry Williams, assistant Cuyahoga county prosecutor, said today.

"Granting of mercy to Loeb and Leopold in Chicago will influence the granting of mercy to youths of the same age tried for murder elsewhere," he said.

Difficult To Get Juries
DALLAS, TEXAS, September 16.—(By the United Press)—The Leopold-Loeb-Grant cases in Chicago will make it more difficult hereafter to select a jury not opposed to capital punishment, District Attorney Shelby Cox believes. Cox adds, however, that regardless of the outcome of the Grant case he would continue to demand the death penalty in justifiable cases.

Reaction Against Capital Punishment
HOUSTON, TEXAS, September 16.—(By the United Press)—The reaction against capital punishment will be widespread as the result of publicity given the case of Bernard Grant, in Chicago, in connection with the Leopold-Loeb sentence, J. Dixie Smith, district attorney, said today.

War Veterans Plan to Erect Monument Near New Court House; Funds Boosted By Carnival

Peerless Camp Spanish War Veterans are raising a fund for a bronze statue they expect to have erected at the entrance to the new court house. It will be designed to commemorate the valor and patriotism of the men who served in the war with Spain. It is to be an impressive portrayal of the Spanish War Soldier—alert, full of life and repressed action.

Peerless Camp has some money already in this fund but hopes to increase the fund this week through the share of profits they will secure from the Nat Reiss festival shows which opened a week's stay on the Sixteenth and Third street field last night.

The carnival consisting of seven rides, seven shows and varied attractions, enjoyed an opening last night that the managers report was the best of the season. Between four and five thousand persons thronged the grounds last night. Members of Peerless Camp are stationed about the grounds and with the various attractions and they see to it that the best of order prevails at all times.

Those who attended the festival last night report it to be one of the cleanest that ever pitched its tents here.

Plan For Homecoming

Plans for a big homecoming affair were discussed at last night's meeting of Seito Lodge No. 21, E. O. C. P. More definite plans for the big social time will be completed at later meetings. Last night the first degree was completed on Escrow Wiley. Lodge Deputy Charles A. Locher, who is in Baltimore was recently honored with a post card shower, many members reporting that they had sent cards.

Announcement was made that Orient Encampment will meet Thursday night to confer the Golden Rule degree on four candidates.

Bake With Heat Now Lost Up the Chimney

This remarkable range takes advantage of Nature's law for heat to rise and thus the High Oven saves and bakes with the "waste or chimney heat" of the common type range. Note that the two oven flues start at the place where the smoke flue is connected to the chimney on other ranges. Why let half your fuel money fly up the chimney? You can easily save 1-3 to 1-2 in fuel bills and do away with one of your heating stoves with the efficient

500 Lbs. of Coal FREE With Each "Cole" Range

As a special concession we are offering the same premium with this range as on our COLE HEATERS — 500 lbs. of coal delivered free. Profit now by this unusual offer as well as by the unheard of low price on this nationally famous coal stove.

ALL THE COMFORT OF A FURNACE

The exclusive "COLE" air-tight construction is combined with patent hot blast devices. Together they are capable of giving you far greater heat than the average coal stove — keeping even an entire house comfortable in the most extreme weather. You will never overheat your rooms as the perfect control allows you to reduce the heat as easily as you can increase it. The unusual design of ash pit permits easy emptying of ashes without the usual trouble and muss.

"Cole" Patents Mean a Big Coal Saving

With a "COLE" you will find you have fewer ashes and no dense black smoke coming from your chimney. This means that the original "COLE HOT BLAST" construction is burning up and producing heat from waste products that usually go up the flue or are carried out with the ashes. Such gases and waste matter compose about one third of the coal that you spend your good money for.

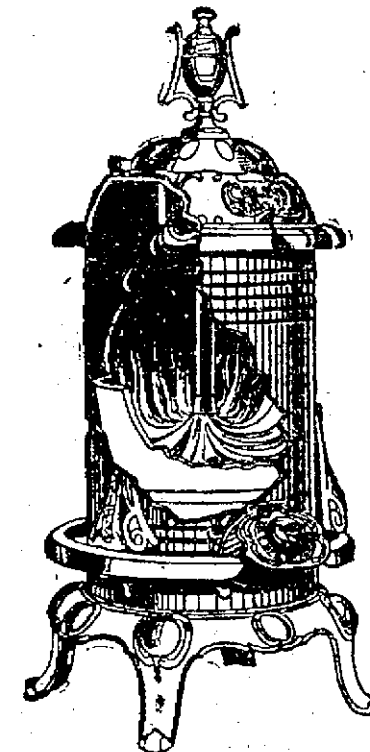

SAVE THAT ONE THIRD WITH A COLE HOT BLAST.

During this sale a genuine "COLE HOT BLAST" will cost you no more than an ordinary heater. Don't miss this opportunity. Select yours tomorrow. Delivered now or later as desired.

IS RICKEY THROUGH IN ST. LOUIS?

According to rumors emanating from New York Manager Branch Rickey, the St. Louis Cardinals are about to sign him to a three-year contract for \$1,000,000. It is rumored that a satisfactory compromise has virtually been made with the club owners.

Rickey has had a second division team all season and his failure to win more games is believed to have caused a report to be circulated that he is soon to relinquish the managerial reins of the Cards. About a year ago Rickey and Hornsby, star slugger of the National League had a serious disagreement and this may be the underlying motive prompting the club owners to select a new pilot. It would occasion no surprise around the big league circuits if Hornsby would be the new Cardinal leader.

Smith's Decision Expected Soon; New York Voting At Primary

ALBANY, N. Y., September 16.—(By United Press.)—New York voters went to the primary polls today to name candidates for congress, the state legislature, and county officers. While hundreds of nominations are to be made, there are less than 50 contests throughout the state. Interest still centers in Governor Smith's decision as to whether he will again head the state ticket. A conference at the executive mansion tomorrow night is expected to settle his decision. It was believed here today that if the governor finally decides to heed the pleas of friends and make the race, his stump schedule for the national ticket will have to be revised and cut considerably. As it now stands, Smith would be out of the state all except the last two weeks of the campaign period. Naturally, if he heads the state ticket, he would want to stay within the state most of the time.

Decision to join the Portsmouth Retail Merchants' Association and the City Council in protesting against new proposed electric light rates of the Portsmouth Public Service Company, endorsement of past action and whatever action City Council might take towards the setting of a new city building, featured an enthusiastic meeting of the West End Improvement Association last night, when a goodly number of members attended the session held at the Commercial hotel. With this meeting the association will resume monthly meetings. A discussion on the two proposed bus belt lines that are to serve the East End and Hilltop sections resulted in more than half of those present volunteering to go to Columbus October 14, when the Public Utilities Commission will hold a hearing on the two routes. The members will appear in favor of the J. S. Lykins route, which has Market street for a terminus. The other route by the Portsmouth Public Service Company starts at the post office. The Retail Merchants' Association and Council have entered protest against the proposed rate to join the retail merchants' organization in holding a public meeting, where all phases of the rate schedule could be explained. FRUSTRATE OIL STATION ROBBERY

Quick action on the part of neighbors and the police force, this morning about twelve-thirty, prevented the robbery of the Pure Oil Co. filling station, Kinney's Lane, and Scioto Trail. Although the would-be robbers made good their escape, police are on the trail, and at present time this morning, were continuing a search of the city with the avowed intention of rounding up all vagrants and loafers. Dr. Edmund Coffman, seeing a machine standing in the drive way of the filling station, and a man tampering with a window on the east side of the small building, telephoned police, and Acting Capt. Templeman and Patrolmen McFarland and Downs were sent to the scene at once by Sgt. Frank Emmett. Seeing a light in the Coffman home, the would-be robbers fled in their machine, a delapidated Ford, going out the Scioto Trail.

DAWES VISITS LEGION MEET IN ST. PAUL

ST. PAUL, MINN., September 16.—(By the Associated Press.)—Dividing interest with the annual parade of the American Legion today was the visit of General Charles G. Dawes, Republican vice presidential candidate, who came "solely as a Legionnaire" to visit the Legion's national convention. Despite the assistance of the general and Legion officials that he came as a Legionnaire, Dawes, a member of the Evanston, Ill., post, his visit attracted much interest, especially as he was to review the parade in the afternoon, with National Commander J. R. Quinn. Business session activities included addresses by Charles P. Donnelly, president of the Northern Pacific railway; Albert D. Aileen, commander in chief of the Spanish War Veterans, and John T. Tigert, U. S. Commissioner of Education. Mr. Donnelly held up the proposal for government operation of railroads, as an effort to establish a bureaucracy, and characterized the issue as "a live one, potentially serious."

Mr. Aileen brought greetings from the Spanish War Veterans, while Commissioner Tigert lauded the American Legion for its success in promoting educational and patriotic work and expressed the hope that "We shall never abandon a sane program for a better understanding of American institutions, ideals, history and government."

CINCINNATI, O., September 16.—(By the Associated Press.)—The mystery surrounding the finding of a nine-year-old girl on a Big Four passenger train in the Union Central depot here last night deepened when the child surprisingly stole away from her bed in the children's home early today. No previous session of the Diet has had so many women visitors.

Owing to extensive building operations it will be impractical for Andersons' to remain open this evening for Style Week.

The Anderson Bros Co.

We appreciate the fine compliments folks are paying us for building Portsmouth's greatest, largest and best store.

AUTUMN EXPOSITION

THE NEW PURSES

A coat, suit or dress is not everything. It takes the attractive added touch of a new purse to complete the ensemble and here is our advance Autumn showing. Pretty Under-the-arm purses, fold-over models and Pouch Bags to suit all. Just the styles Fashion has approved.

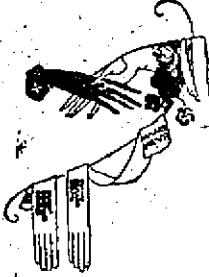

As out of the dark and dingy mines, unbecomingly and undecorated, come the sparkling diamonds, so in this Autumn Exposition or Style Week, from Andersons' Store, torn asunder and topsy turvy by contractors and workmen, come the jewels of Autumn apparel and accessories, the newest, the richest, the most colorful to gladden the heart of every woman.

Always the leader in auspicious Openings where displays have dazzled the eye and charmed the heart, Andersons' for the very first time must forego the pleasure of holding a decorative Style Week. Not because of lack of merchandise but because our building is so torn up—constructing Portsmouth's greatest, largest and best store, that it is difficult to make suitable displays. But the "diamonds" are here! Never have we made such extensive preparations and never have we shown such wonderful lines and assortments. Out of apparent chaos of building operations come the jewels of exquisite Autumn apparel. You will not as yet, find a beautiful store but what you are even more interested in are here in abundance—Autumn modes.

THE TELL-TALE GLOVES

On every hand, so to speak, gloves either add or detract from one's appearance. This Autumn, Fashion is pretty particular what Milady wears on her hands and last year's gloves may not do at all. Of course it's far better any way to come to Andersons' and learn for sure just what one ought to wear in the way of gloves. Here are the Fall 1924 styles in Silks, Chamois, Kid and Cape in the approved; Long, Short and Cuff styles. You can see in a minute more than you can read about in an hour.

WHEN LITTLE MISS DRESSES UP

Just a dress or just a coat or just any other kind of a garment will not answer for the little 1924 Miss. She has her own style ideas that must be considered. In selecting the Autumn Dresses for girls, and the coats, and in fact everything the girl wears, our children's shop has been very, very careful, for the child is the boss in this domain.

The coats have fur trimmings just like mother's and the dresses reveal all the artistry the juvenile designers have at their command. And such a showing! Any mother and child can be immensely pleased.

LITTLE GIRLS' HATS

The final touch of charm to the little Miss is, of course, her hat. To be sure you're right, see what styles Madge Evans hats reveal. Little Miss Particular knows what she likes and there is nothing she likes better than Madge Evans Hats. And no wonder, they are ever so pretty and there is such a variety.

CHARMING TEXTILES

One will almost wait to live among these new Fall fabrics. To look upon these beautiful Autumn stuffs is like opening up a treasure chest. For one finds here an unexpected wealth of rich, precious-looking materials fascinating in weave and color. Above the horizon of choice shimmering silks and enticing woolsens you will quickly see visions of smart dresses, ensemble suits and wraps. Home sewing will lose every semblance of drudgery or you will search for a dress-maker in a hurry when your fingers can fondle weaves and fabrics of such exquisite beauty.

SEE OUR WINDOWS

That may seem a queer request to make when we haven't any. What we mean is that we would like for you to watch the progress now being made on our new windows. Do you know that there will be very few, if any, finer windows in the state of Ohio than Andersons' when completed. Stop and look at the progress. Artists are verily creating them. The painting of a picture requires no more skill nor taste than is being required and expended on these "Most beautiful windows in the state" as folks are calling them. This is "your" store, come and watch it grow.

Summer Days Over, Women Turn Joyously to Andersons' Autumn Modes

Femininity is the same the world over. As always, in Portsmouth, with almost breathless anticipation it awaits the recurrence of Fall and the appearance at Andersons' of the new modes which are truly as much a part of the Autumnal season as are light frosts, changing leaves and birds flying south. Newness is the keynote of every garment or accessory. Lines, fabrics and colorings are different—only quality remains, in Andersons', forever the same. Your interest will not lag for there is so much here to be seen.

Autumn Dresses

Like the opening night of a new production, raising its curtain before an audience eager and expectant, this carefully prepared fashion fete of Dresses now sounds its welcome to all women. The Daytime gowns are usually straight, coat styles, tunic models and dresses of solid tucks to emphasize flat, slender lines. Favored materials are Faille, Bengaline, Rep, Charmeuse, Crepe Satin and Georgette. Laces soften the severe lines while silk fringe and hand embroidery offer smart touches. Contrasting materials in bright shades often liven the dark tailored models.

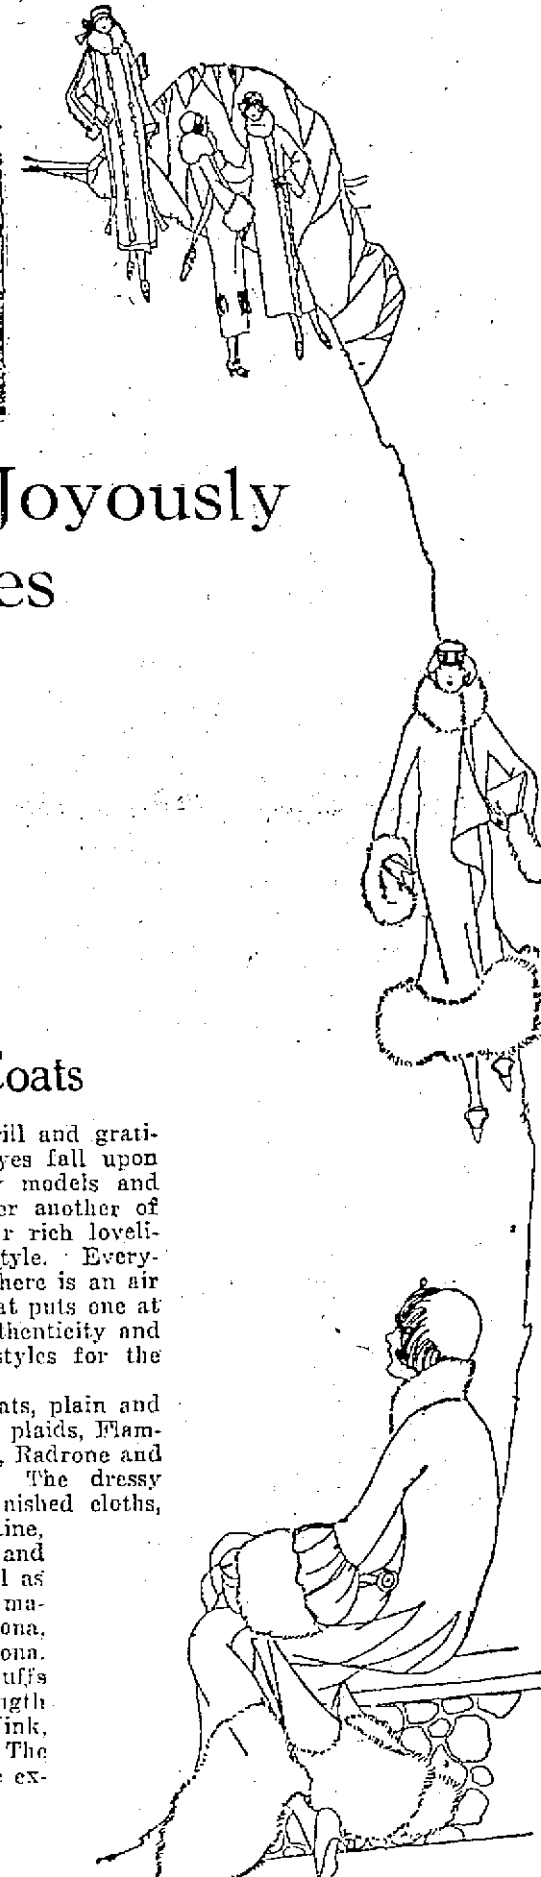

Ensemble Suits

Vogue says: "The Ensemble Suit is the supremely smart one for all day wear and has replaced the mannish tailleur." The coats of the Ensemble Suit are seven-eighths in length and may be worn separately. Blouses of matching color Chenille brocade are made in tunic style. Trimmings are of Sable, Squirrel, Ring-tail Oppossum and Marmot.

Ah! the Coats

You will find a thrill and gratification when your eyes fall upon the many, many new models and you slip into one after another of them to revel in their rich loveliness, comfort and style. Everything is so new, yet there is an air of finality about it that puts one at ease regarding the authenticity and popularity of these styles for the new season.

There are Sport Coats, plain and fur trimmed mixtures, plaids, Flamingo, Block Chinchilla, Radrone and Plaid Camel's Hair. The dressy coats are of suede finished cloths, Faux Skin, Cashmere, Velmara, Parvelaine and Cuir de Laine as well as high lustre velvety materials such as Oriona, Marvella and Geron. Huge fur collars, cuffs and often full length revers are of Jap Mink, Seal Beaver, etc. The long slender lines are extremely youthful.

Millinery---the Cynosure of All Eyes--- Was Never More Beautiful

It isn't far from the truth to say that just this very minute we unpacked these wonderful creations from their tissue wrappings to give them the first whiff of Autumn air in Portsmouth.

There are Coronet Turbans of Panne and Lyons Velvet, off-the-face styles with sectional crowns and pokes. Then there are the Directoire hats of black hatter's plush trimmed with Chinchilla and uncured Ostrich. In fact each hat would warrant a separate description. But oh, the newest thing—the Toreador—you must see that, with a touch of the Spanish and a hint of a bull-fight, but Fashion has pronounced it the thing, and it's here.

And the colors. Don't say, Brown, Green, Blue and all those old fashioned names, the colors now are Kobe, Terrapin, Crabapple, Mikado, Wall Flower, Shutter, Jaquar, Gobel and the like.

The Days News in Pictures

SOUVENIR—Movie stars, like all the rest of the mortals, are susceptible to the memento-collecting germ. Here is Blanche Sweet, film star, arriving in New York from Europe, toting "something to remember Paris by."

ONE OF THE CHOSEN—Ernest Linencamp, famous European artist, who is looking for the fifteen most beautiful women in the world, has decided; he announces, that one of them is Claire Windsor, more or less well known to American film fans.

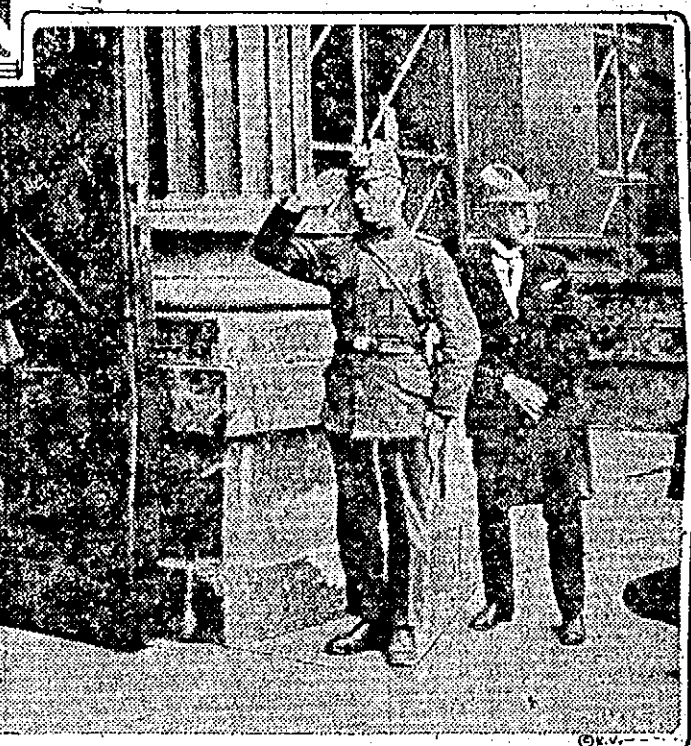

TRAINING FOR THE BATTLE—William Harrison Dempsey, better known as Jack, world's champion heavy-weight pugilist, doing "road work" with Estelle Taylor, the film star, his wife-to-be, it is both reported and denied persistently.

HANDS ACROSS THE SEA—General Plutarco E. Calles (left), president-elect of Mexico, leaving the railway station in Berlin with President Ebert of Germany on his arrival for a visit. General Calles is in Europe to study social and labor conditions.

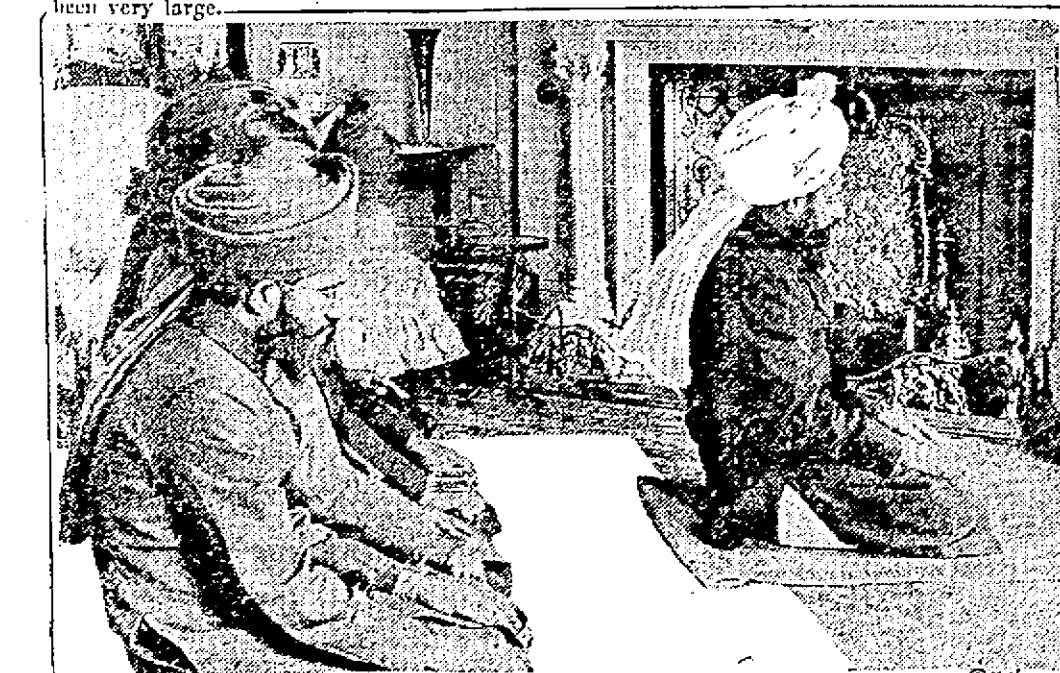

A WET CLIMAX—To the ferreting out of unusual stills by "dry" agents, was the discovery of a full-fledged brewery in a subterranean passageway under an innocent-looking farmhouse near Frankfort, Illinois. The raid netted more than 700 barrels of illegal brew and \$50,000 worth of equipment. The cost of excavating the plant must have been very large.

TRAIL'S END—Of the Prince of Wales on his American visit is his "E. P." ranch at High River, Alberta, in the Canadian Rockies.

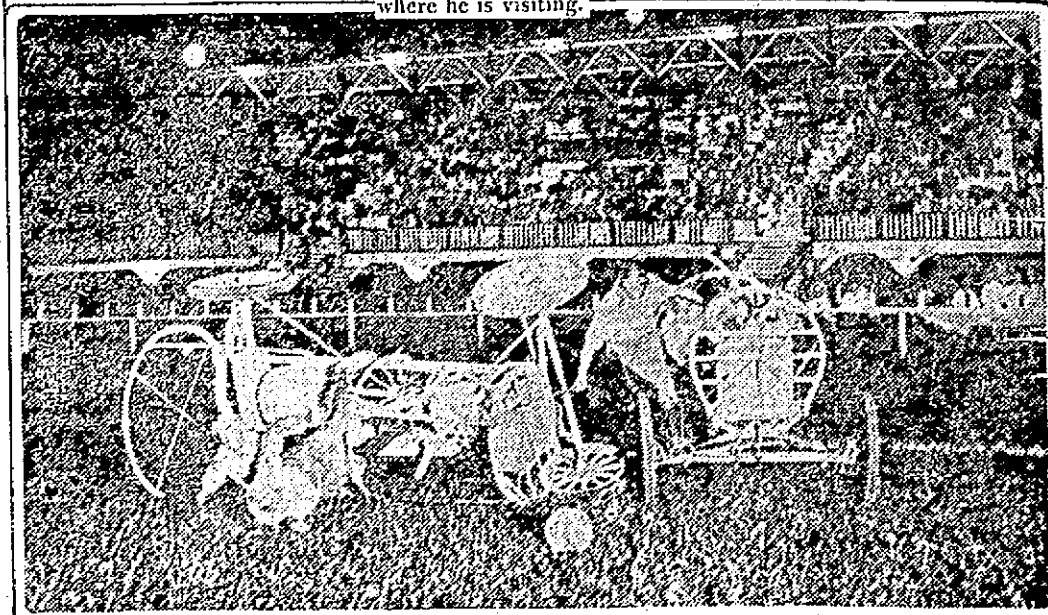

HE'LL BE A KING WHEN HE GROWS UP—Crown Prince Peter of Serbia, just one year old, has developed a liking for wild animals in his play hours at Harrogate, England, where he is visiting.

ISLAMIC PRAYERS IN LONDON—Khalifa-tul-Masih, who is representing Islam at the conference of religions, in London, leads his party in prayer at Ludgate Hill, fulfilling, in a way, the Mohammedan tradition "that after the coming from Damascus, the Mahadi will pray at Bab-el-Lud (Ludgate)."

IN ACTION—Robert M. La Follette, independent candidate for the presidency, broadcasting an address by radio, gets in all the vim and vigor of a speech actually made before an audience.

NOT THE LEAST DANGEROUS SPORT IN THE WORLD—Automobile polo as played at night at Miami, Fla., provides thrills aplenty, with many collisions and spills. No one was hurt in the crash shown here.

SENATORS' PENNANT ASPIRATIONS GET SETBACK; LOSE TO CLAWING TIGERS

Yankees Blank The White Sox

CHICAGO, Sept. 16.—New York tied Washington for first place in the American League pennant race Monday by shutting out Chicago, 2 to 0, while the Senators were defeated by Detroit.

The world's champions pitched only four hits off "Red" Faber but two of Faber's passes developed runs. White Sox walked a sacrifice and Ruth's single scored the first run and the second came in the fourth on a walk to Pipp. Meusel's single and a double play, which retired Meusel and Hofmann, Pipp scoring.

The White Sox collected seven hits off Sam Jones but the fielding behind him was spectacular. With men on third and first, and one out, Kamm caught the ball off his shoestrings and doubled. Sheely off third, retiring the side. The only other chance the White Sox had to score was in the eighth with men on second and third, but Jones looked over the third strike on Hooper. Collins was then passed, but Sheely was an easy out. The score:

STOCK PRICES MOVE IRREGULARLY HIGHER DURING DAY

Oils Take Tumble Due to "Gas" Price Cuts; Industrials and Rails Are Stronger

NEW YORK, Sept. 16.—Today's stock market as a restricted affair with the buoyancy of the baking issues as one of the few features. There was a fair demand for the food, rubber and investment railroad shares. The closing was strong. Sales approximated 500,000 shares.

NEW YORK, Sept. 16.—Stock prices moved irregularly higher at the opening of today's market. Mexican Seaboard Oil broke 2 points on the initial sale of 2,400 shares and some of

the other oils were again in supply as a result of western gasoline price cuts. Standard Industrials and rails improved fractionally.

Renewed selling of Crucible Steel in anticipation of unfavorable dividend action at today's meeting carried that stock down 1 1/2 to 51, but failed to unsettle the rest of the list. Montana Power and Lockport Railroad each yielded a point. Gulf, Mobile and Northern preferred advanced two points to a new 1924 top at 70 1/2 and new peak prices also were established by Cushman's Bakery at 63 1/2 and General Baking at 14 1/2.

General Baking, which was heavy yesterday, rallied 1 1/2. Foreign exchanges opened steady.

Railroad shares were neglected during the morning, but buying of the industrials expanded as the movement of special stocks indicated accumulation by strong financial interests. A bullish demonstration in the

automotive issues sent Studbaker above 40 to a new high and resulted in sharp gains by Mack Truck, White Motors and Kelsey Wheel, the last named jumping 4 points. Baking and Biscuit shares continued to soar. Cushman extending its gain to five points, General Baking to 5 1/2 and Loos Wiles to 1 1/2. National Biscuiting moved up three points and U. S. Alcohol climbed 2 on reports of high alcohol prices. Brooklyn Manhattan Transit broke two points in reflection of Mayor Hylan's call for an investigation into the market activities of the stock and U. S. Realty two points on publication of an unfavorable earnings statement. Call money renewed at 2 per cent.

CLOSING PRICE OF OHIO STOCK
COLUMBUS, Sept. 16.—Cities Service common 142 1/4; preferred 75 1/2; Pure Oil 23 1/2.

Wheat Gains Following Early Loss; Corn and Oats Easier

MARKETS AT A GLANCE

NEW YORK MARKETS
Stocks firm; baking issues buoyant. Bonds steady; Liberty bonds a drive and higher. Foreign exchanges higher; sterling gains a cent. Cotton easier; herring crop no news. Sugar quiet.
Coffee easy; unfavorable Brazilian political situation.
CHICAGO MARKETS
Wheat lower; herring Canadian crop estimates. Corn easier; liberal receipts. Cattle irregular. Hogs steady to strong.

CHICAGO, Sept. 16.—Wheat prices declined to a material extent early today as a result of Canadian crop estimates that contrary to predictions proved to be bearish instead of bullish. On the downturn in values, however, buying increased and brought about rallies. Much of the buying was apparently for seaboard account. Opening prices, which ranged from 1/2 to 3/4 lower with December 1.33 1/2 to 1.33 3/4 and May 1.33 1/2 to 1.33 3/4, were followed by a slight further setback and then by an upturn to near yesterday's finish.
The close was unsettled 1/4 to 3/4 net lower, December 1.33 1/2 to 1.33 3/4 and May 1.33 1/2 to 1.33 3/4.
Corn and oats were easier, owing to sympathy with wheat. After opening unchanged to 3/4 lower, December 1.13 1/2 to 1.13 3/4, the corn market sagged all around, but then gradually recovered.
The close was steady but 3/4 to 5/8 lower, December 1.13 1/2 to 1.13 3/4. Oats started at 3/4 to 5/8 off, December 62 1/2 to 53 1/2 and later eased a little more.
Provisions responded to firmness of hog values.

Little farms and lots you should come out before day of sale and pick out the one that you might wish to purchase. This sale will consist of baby farms, summer homes, and lots for permanent homes. The long river front with its beautiful shade trees from the top of the bank to the edge of the river, affords a beautiful place to spend the hot summer days. The Ohio river is one of the most useful rivers from different standpoints almost in America. You should see some of the folks that have spent several summers out on the river at their summer homes. Some of them are spending the winters out there and you should hear them talk and tell you what a pleasant time they are having.

THEY CALL THIS PLACE A HEALTH RESORT

a health restoring zone where the care-worn sojourner thru this short life may inhale nature's elixir of life at each respiration. The hot summer days out here on this beautiful river front are always tempered with delightful river breezes from the great Ohio River.

THE MEADOWS ADDITION

to Wheelersburg is not one of those misty things of dreams and painted shadows. It is not a bubble floating on the surface of the stream enticing here devotees to make the fatal plunge but it is real—tangible and made up of the stuff that you can afford to invest your dollars in. You can hear what others say about those beautiful camp sites—you can see with your own eyes—you are aware of their intrinsic value.

We have not come to You with a Flowery Speech fresh from The Land of Flowers

to sell you, from a map, alligator swamps and musky jungles. We are not asking you to go with us to the far away blue sky and balmy climate of Italy. We are not asking you to go with us to the flower gardens of California but we are inviting you to investigate what you have in your own country—picturesquely and snugly nestled amid the green hills of old Kentucky and Ohio.

THIS VALUABLE PROPERTY HAS BEEN SOUGHT

by many real estate dealers for several years. Consequently and thru a combination of circumstances the genial public spirited doctor has decided to give his friends and the public generally a chance to secure some of this valuable property at prices you will never be able to purchase at again.

NOW WE ARE LEAVING THE RIVER

in our talk and the summer homes and camp sites and wish to speak a few words about the great Ohio Valley which is contiguous to this property—the name and fame of which has already almost reached the uttermost parts of the earth, owing to her great resources already developed and her great resources that are undeveloped. The Ohio Valley can truly boast of so many natural advantages and such a long line of substantial industries all in successful operation. With such business energy manifested thruout the Ohio Valley where great factories and gigantic machine shops and foundries are pulsating with the hum of revolving wheels and puffing engines and WITH THIS BRILLIANT ARRAY OF ATTRACTION and undeveloped resources and possibilities and the future outlook for the country referred to above, anyone ought to be sufficiently interested to try to locate himself. We want to impress you not to let any frivolous matters keep you away from this sale.

Remember the Ladies' Aid Society is Going to Serve Dinners Out There

for the benefit of the Wheelersburg M. E. church and there will be a Brass Band to entertain the audience with sweet music; there will be \$200.00 in gold given away during this sale of this farm. Everything about this proposition is fair and square and you may expect a square deal.

Tells How It Feels To Be a Real Comeback

When a man who loves life throws out his chest, smiles and says—"I feel great—can eat anything," he has struck the keynote of contentment and happiness and he is envied by those less fortunate. When that same man was only a short time before all run down, nervous and couldn't trust his stomach to accept the plainest food, and then gets back again to good health, he is so happy that he wants to make life better for the "other fellow" who is suffering as he did. That is the story of N. F. Buckner, of 1527 Waller street, Portsmouth, who has added his praise of Pepsin, the famous medicine being introduced at Fisher & Strech's Pharmacy, to that of the scores of other local people.

"I used to not know what a sick day was," said Mr. Buckner, and then my stomach went back on me. I was in terrible health. Everything I ate disagreed with me and I would get all bloated and have pains in my side and up around my heart. I never could sleep sound at night and got so nervous that I would have to get up at night and pace the floor. "Then I started taking Pepsin. It helped me right from the first. Now I have gotten back my good health and can smile and enjoy life once more. I hope everyone that is feeling like I did will go to Fisher & Strech's and get a bottle of this wonderful medicine. Pepsin may be obtained ONLY at Fisher & Strech's Pharmacy; Kelso's Pharmacy, New Boston.—Advertisement.

The Misses Anna Maude and Mildred Jones, of Broad street, motored to Columbus Monday to spend several days. Their aunt, Mrs. Mary Phillips, who has been in White Cross hospital for five months on account of a broken hip, expects to be able to be brought home this week. Mr. and Mrs. H. P. Harding leave on Tuesday morning for their new home in Los Angeles, Cal., motoring as far as Chicago, taking the train there. Mrs. H. A. Lloyd and son John A. of Portsmouth, spent the Sunday in Jackson with Miss Margaret Miller, on Broadway street. KIDNAPED BABY RETURNED. Alfred, five-months-old son of Mrs. Gertrude Magliano, of New York City, was kidnaped from his go-cart in front of his home on September 7. The entire Police Department was put on the case, but the following day he was left with two little girls who were playing in front of the Rockefeller Institute. A gray-haired woman left the baby. Photo shows the mother, baby and the youngster who pursued the kidnaper.

THE ENSEMBLE EXPRESSES ITSELF IN TERMS OF RICHNESS

THE ensemble is undoubtedly the leading feature of the new mode. It expresses itself in a number of ways, achieving its unity of effect either by a clever repetition of colors, of fabrics, or even of trimming motives in the dress and coat which are, as a general rule, the component parts of the new ensembles. But one theme runs through all of these combinations, and that is richness of material. The ensemble pictured was sketched in Paris by the Cheney Style Service, and consists of a dress and coat. The latter is in "ragondin," one of the novelty furs sponsored by Paris, lined with brown cut velvet, in this way repeating the fabric of the dress which is also made of cut velvet. The coat would be just as successful developed in brown velvet, and in fact, this combination of plain and cut velvet is a feature of the new creations. The dress, which is bordered with brown crepe, is made on simple lines, but has the new note of a bolero effect. Its simple boyishness is enhanced by the plain little turn down white silk collar contrasting piquantly with the richness of the dress fabric. The coppery brown colors were the most favored at the Paris openings, according to Henri Creange, style authority. In this group are included rust, wood tones, tortoise, cocoa, golden brown, mocha, and bois de rose.

AFTER BASE BALL

THE base ball season, if the world's series is included, has still almost a month to run.

But from the standpoint of public interest, particularly among lovers of sport, our national game will have a close competitor in foot ball for the rest of the season. Will this team or that beat its ancient rival this fall? Who will lead in the Western conference? Who will carry off honors in the East? These are questions which are shaping themselves today and which in the coming days will come more and more to the front.

From now on in increasing numbers mole skins and nose guards and headgear will be brought forth from dark closets and attics, where they have lain for the last nine months; tackling dummies will be rigged up; stalwart and husky youths will be given a careful scrutiny by zealous coaches, and within a week or ten days the lines of scrimmage will form on the gridiron.

It is the fact that the good player must be in good physical condition which has given foot ball the value it has as a game. So long as it clings to the ideal of the physical and mental development of the participants, foot ball is a game deserving of support.

THE ETERNAL QUEST

WHEN men and women pass their eightieth milestone, and especially when they become nonagenarians or centenarians, they are invariably interviewed by the local press on their secret of longevity of life. It is a custom which reveals man's desire to live long and his unceasing search for the spring of eternal youth.

Florida was discovered by a Spaniard while in search of the waters which he was told would restore his lost youth and guarantee to him everlasting life. All medical science has for its sole purpose the lengthening of human life.

Since the beginning of recorded time man has sought the secret of eternal life on earth. None has found that secret but many have prescribed rules to be followed by those who wish "to live to be a hundred."

Nietzsche's recipe for a full and happy old age was to "Live dangerously; build your house on the side of a volcano."

Another advises those who have passed the brow of the hill that "Youthfulness consists in forward looking; senility in backward looking."

A third philosopher on life has faith in the "work cure" for premature death.

In each theory there is much of wisdom. To live long man must live actively. A man is as old as he makes himself. Those who refuse to grow old never lose the child heart of Menenius. Those who do not keep their minds and bodies at work can not hope to attain a ripe old age. Without work there can be no ambition, without ambition life grows heavy on one's hands, without the desire to live long the spark of life can not linger long.

STOCKING BANKS

A group of middle western bankers conducted an investigation to ascertain to what extent farmers and small business men keep in hiding sums of money. It was found that a large number, amounting to an appreciable percentage of the whole, kept sums ranging from \$100 to \$10,000 hidden about the premises. It is not hard to understand how one might need to keep temporarily as much as \$100 about the house but to have \$10,000 or any amount approaching that sum certainly would be extra-hazardous.

Those who live at a distance from a bank naturally might need to keep much more currency on hand than others who could step into a bank whenever necessary, but to have about the person or on the premises any considerable amount is to invite someone to come and take it. Frequently robberies are reported where by violence directed against the possessor information as to the hiding place of the money is extorted. It is hard enough to keep money under any circumstances. To invite robbery by hiding it about the house should be unnecessary in these days of many banks.

The currency that is hidden away does nothing for the owner while it is deposited in a bank it would work

for the possessor and for others also. No doubt the sums hoarded and not working total vast figures. Were all of this secreted capital where it would be available for use it would assist greatly in the restoration of industry.

NEW YORK DAY-BY-DAY

BY O. O. MCINTYRE

PARIS, September 16.—The stark ugliness of Paris in contrast to the budding chestnut trees of the Champs-Elysees and the garden of the Tuileries is shown at La Petite Chaumiere—the Little Thatched House—at 2 Rue Herbe in Montmartre.

It is on the top of a hill and one mounts many flights of wide steps to reach its cottage door. It flaunts the basest degeneracy. It is the haunt of rouged and powdered men—the strange effeminate creatures who flock to all European capitals.

It is a stinky little room thick with tobacco smoke and the fumes of cheap perfume and stale wine. The entertainers are men dressed as women who smirk and wink suggestively at patrons. They wear wigs, décollete gowns and invite male patrons to dance to tunes of a player piano.

In another room are the regular habitués of the place—young men in male attire who dance together and openly herald their degeneracy. The program of the entertainment announces: Willy, le moderne Narcisse; Riva Siva, l'homme Protee; Charis, dances orientales and others.

There is a hard boiled bartender with pugnacious jaw who seems out of place in such surroundings. Many tourists have come to La Petite Chaumiere to find themselves slipping into unconsciousness after one drink and to awaken hours later in some remote spot plucked at the eye.

Raymond Carroll, the American newspaper correspondent, who was my cicerone on the underworld jaunt acted as an interpreter in a talk with one of the creatures. He was, he said, born in Normandy of fisher folk. He came to Paris to study art but had no talent. He showed no shame but instead boasted of his manner of living. Frequently he touched his lips with carmine and powdered his cheeks before a hand mirror.

We had dinner tonight at the oldest restaurant in Paris—La Tour d'Argent. It was opened in 1532 on the left bank of the Seine where it still stands. It serves only duck dinners, the blood of the duck being squeezed from a raw duck by a hand press at your table. An old man of 30 does the carving. Each party is given a card bearing the number of your duck. Ours was 88,883. It was an elegant dinner but the insolence of Paris waiters was shown when the check was paid. Ours didn't consider the tip large enough and returned it. He got nothing save what we call in America "an artistic bawling out."

Zelli's is another famous night haunt in Montmartre frequented by Americans. It differs little from the New York supper club. Among those seen at the tables were Florence Walton and her husband, Leon Letim; Charles Thomas, the singer; Marshall Neilan and Blanche Sweet.

On the boulevards today I was followed by a persistent fellow who would come up in the rear now and then and whisper: "Want a guide, sir?" and "See all the wickedness of Paris." It became so annoying I turned to remonstrate, and found it was Lew Cody, handsome villain of the screen, who had spotted me in the crowds. Lew was wearing the latest creation of a Bond Street tailor and was dazling to the eye.

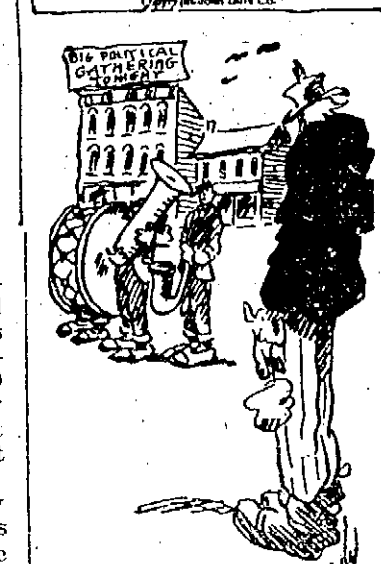

Paris is the kindest city in the world to its beggars. When they come into cafes to seek alms the waiters show them as much deference as patrons. They are never driven away as they are in New York. I watched the legless beggar who is usually found at the entrance of the Ritz Hotel attached to him with respect. Gendarmes strolled by and joked with him. The Locust
The locust's rhythmic hum is heard As summer days are drifting by, In stranger carols that arise And swell voluptuous, shrill and high.

It is the choir invisible That cleaves the quiet summer air With strains of silvery resonance And sweetest music everywhere.

It falls on silence as would sound On ears that have been deaf for long, 'Tis symphony from earth and sky, And neither instrument nor song.
